

## TEMPORARY ANIMAL HOUSING – DISASTERS

If you have empty corrals, pastures, stalls, paddocks, dog runs, chicken coops or whatever and are willing to take in evacuees during disasters we want to hear from you. It is virtually impossible to pre plan these events and you don't know today what space you may have available when disaster strikes. If you would call us during disaster events at 1-888-223-PETS, 805-388-4341 or 1-866-EVRT911 and tell us what you are willing and able to take in we would greatly appreciate it.
